

PRESSUREPRO PRODUCT CATALOG

MONITORS

All PressurePro Monitors are RS232 capable, display pressures in PSI, BAR or kPa, have two low pressure alert levels (set to alarm at 12.5% and 25% drop in pressure) and a variable high pressure alert (set at factory to 24psi high but adjustable by users from 10% to 45% high). Each Monitor has self-tests for signal strength and Sensor packet counts. PressurePro Monitors come with Velcro mounting strips. Power cords and antennas are sold separately unless noted.

6 WHEEL DIPOLE MONITOR – (Part #ALTGM6) - MSRP \$165

- 1 to 6 wheel positions
- Dipole telescoping antennae included
- Common uses include auto, SUVs, industrial vehicles

16 WHEEL MONOPOLE MONITOR – (Part #RVGPM16) - MSRP \$170

- 1 to 16 wheel positions
- Capable of reading tow primary and tow vehicle separately or together
- Common uses include RVs, Busses, 5th Wheels, Boating Applications

34 WHEEL MONOPOLE MONITOR – (Part #HDGPM34) - MSRP \$185

- 1 to 34 wheel positions
- Capable of reading primary and tow vehicle separately or together
- Common uses include Tractor Trailers, Off Road, Mining Equipment and more

DATA LOGGING MONITOR – (Part #HDEPM34) - MSRP \$225

- 1 to 34 wheel positions
- Data logger – logs up to 45 days of tire pressure info
- Capable of reading primary and tow vehicle separately or together
- Common uses include Tractor Trailers, Off Road, Mining Equipment and more
- *Uses Power/Data cable (AAPC7) to download information*

INTELLIGENT “DROP & HOOK” MONITOR – (Part #ITMA16) - MSRP \$375

- Monitor displays 1 to 64 wheel positions – 16 on Tractor
- J1587 firmware and bridging to truck J1708 network
- Works with up to 3 J1587 Intelligent Repeaters
- On/Off Capability for alerts – light or buzzer alert capable

FLEXIO INTELLIGENT “DROP & HOOK” MONITOR – (Part #ITMB16) - MSRP \$375

- Monitor displays 1 to 64 wheel positions – 16 on Tractor
- RS232 hardware and FlexIO firmware
- Works with up to 6 FlexIO Intelligent Repeaters
- On/Off Capability for alerts – light or buzzer alert capable

Note: Monitors and Echo Repeater are the following dimensions: (6.5”W x 3.0”H x 0.5”D / Weight: 4 oz.)

BRIDGE – (Part #BRIDGEA16) - MSRP \$250

- No user interface for Drop & Hook function
- Monitors 16 tires on the tractor and up to 3 trailers with up to 16 tires each (64 tires total)
- Installs behind the dash or to other locations
- Communicates to the vehicle's network
- Communicates with Intelligent Repeaters over the J2497 Network
- Transfers data from J2497 network to Tractor J1708 network

FLEXIO BRIDGE – (Part #BRIDGEB16) - MSRP \$250

- No user interface for Drop & Hook function
- Monitors 16 tires on the tractor and up to 3 trailers with up to 16 tires each (64 tires total)
- Installs behind the dash or to other locations
- Transfers data from J2497 network to RS232
- Works with FlexIO firmware
- Converts J1587 to FlexIO
- Can be configured for Industrial Applications (for up to 208 positions)

INTELLIGENT “DROP & HOOK” REPEATER – (Part #IRA16) - MSRP \$250

- 1-16 wheel positions
- Attaches to J2497 network using J1587 protocols
- Operates with Intelligent Truck Monitor and J1587 Bridge

FLEX-IO INTELLIGENT “DROP & HOOK” REPEATER – (Part #IRB16) - MSRP \$250

- 1-16 wheel positions
- RS232 hardware and FlexIO firmware
- Operates with FlexIO Intelligent Truck Monitor & FlexIO Bridge

ECHO REPEATER – (Part #ABPER) - MSRP \$85

- Telescoping dipole antenna included
- Velcro strips for mounting included
- For use as an antenna with RV's, campers and mid-to large vehicles)

EMBEDDED MONITOR BOARD – (Part # EBR34) – DIST COST \$55

- Embed board to other products to display sensor pressure readings

SENSOR - (Part # APS1) - MSRP \$50 each

- Reads pressures from 10 – 199 psi
- Weight - .6 oz (17 grams)
- Dimensions: 1.11” D x 1.01” H

INDUSTRIAL SENSOR - (Part #APS1-IND) – MSRP \$95 each

- Reads 10 – 199 psi
- Weight - .7 oz (19 grams)
- For use with large bore industrial valve stems
- Robust electronics for industrial applications
- Case made with GE industrial plastics.
- Dimensions: 1.11” D x 1.02” H

ACCESSORIES:

CABLED ANTENNA KIT - (Part #ABPCA) – MSRP \$50

- For use with monopole monitor only
- 35 ft coax cable – one end attaches to monitor and other end attaches to 7.5 inch whip antenna (included)

FIXED END POWER CORD - (Part #AAPC1) – MSRP \$11

- Connects monitor to 12-volt power outlet
- 8 ft cord

STRIPPED END POWER CORD – (Part#AAPC3) - MSRP \$9

- Hard wired to a power source
- 8 ft cord

24/12VOLT FIXED END POWER CORD - Part #AAPC5 - MSRP \$12

- Connects monitor to 24-volt power outlet
- Converts power from 24-volt to 12-volt
- 8 ft cord

AC/DC WALL PLUG-IN KIT - (Part #AAPACDC) - MSRP \$17.50

(Converts 110-volt AC to 12-volt DC)

- Kit includes power cord and AC/DC converter
- Power cord connects converter to all monitors and repeater
- Converter plugs into standard 110 AC outlet
- For use in vehicles that do not have a 12-volt power source
- 8 ft cord

RS232 FIXED END POWER/DATA CORD – (Part #AAPC7) - MSRP \$15.95

- Connects to any 12-volt power source
- Includes RS232 data downloading capability
- Utilizes DB9 connector for downloading
- 8 ft cord

MOLEX POWER CORD – (Part #AAPC11) - MSRP \$65.00

- Jacketed, 5-wire, 10' power cord with MOLEX connector
- For use with Intelligent Repeaters and BRIDGES
- Opened ended for connection to tractor/trailer wiring network
- Supports Open Collector function.
- 10 ft cord

VISOR CLIP/SUCTION CUPS – (Part #AAPVC) - MSRP \$10

- 2 clips per set
- Fits onto monitor from top or bottom for installation onto visor or window

SENSOR LOCK KIT – (Part #LTK) - MSRP \$14.95

- Includes wrench and nuts for 6 wheel positions

MONOPOLE ANTENNA – 3.5 INCH - (Part #ABPPMA) - MSRP \$10

STRAIGHT WIRE WHIP ANTENNA – 7 INCH - (Part #AAP08) - MSRP \$15

VELCRO PADS - (for mounting Monitor) – (Part #AAP3) - Included with Monitors/Echo Repeater

RAM MOUNT – (for mounting Monitor) – (Part #AAP11) – **MSRP \$35**

- Ram Mount with 2.5" arm and 2 knuckle end plates.
- Allows for direct mounting to vehicle
- Screws allow adjustment of mount at both top and bottom
- Total length and weight: 4" and 6.6 oz.
(Stem is 2.5" with weight of 2.8 oz. Round plates with knuckle ball adds 1.75" to top and bottom.)

RAM MOUNT MOUNTING PAD – (Part #AAP13) – **MSRP \$5.50**

- 2.43" Diameter double stick mounting pad
- Will stick to all non-porous surfaces

RAM MOUNT/SUCTION CUP COMBO – (Part #AAP14) – **MSRP \$50**

- Ram Mount and Suction Cup Combination
- Comes with suction cup attached at one end and a regular round mount plate on the other

TNC ANTENNA ADAPTER – (Part #AAP15) – **MSRP \$7**

- Antenna adapter for an SMA antenna to be affixed to a TNC connector

VISOR CLIP DASH MOUNT – (Part #AAP16) – **MSRP \$14.95**

- 'Hybrid' version of the Visor Clip Kit for an additional mounting option
- Visor Clip 'legs' hook directly to monitor
- Mount is screwed directly into dash/mounting surface

COAX ANTENNA BRACKET – (Part #CAB) – **MSRP \$5.95**

- Comes with bracket and two screws for mounting.
- One bracket leg is 2", the other is 1.25", width is 1"
- Screws are 1.25" in length

MARKETING PRODUCTS:

Functional Display Monitor Kit – (Part #FDK) – **DIST COST \$95**

- Scrolls through 10 wheel locations, lighting each location for 4 seconds
- Displays pressure readouts for each wheel location that lights.
- Two locations preset with low pressures to trigger beeping alert
- First alert at 12.5% / 2nd alert at 25%
- Beeping alert can be switched on/off
- AC/DC Wall Plug in kit (#AAPACDC) & 3.5" antenna included

Regular (RV) Trifold Brochure – **\$.12**

- Regular trifold size (full sheet is 8.5" x 11")
- Full color front and back
- #10 weight, glossy paper
- Spot for dealer/distributor information sticker on front panel
- Directed toward RV, 5th Wheel and Trailer markets

Truck Trifold Brochure – **\$.12**

- Regular trifold size (full sheet is 8.5" x 11")
- Full color front and back
- #10 weight, glossy paper
- Spot for dealer/distributor information sticker on back panel
- Directed toward Truck, Heavy and OTR markets

OverSize Brochure – \$.20

- Extra Large trifold (full sheet is 10" x 18")
- Full color front and back
- Heavy weight, glossy paper
- Spot for dealer/distributor information sticker on front panel
- Directed toward Auto and General Markets

Countertop (Point of Sale) Display – Free to PressurePro Dealers

- 12" tall by 14" in width
- Base made of heavy weight cardboard
- Full color print label covering cardboard base
- Free standing, with fold out base on back of display
- Spot for regular trifolds to be displayed (as shown)

PressurePro Logo Box – \$.40

- 10" width by 7.5" length by 3.5" tall
- Made of heavy weight cardboard
- Color PressurePro logo/Tire Pressure Monitoring System verbage
- Shipped flat, ready to fold
- Recommended to ship in 100 quantities for optimized shipping costs

PressurePro Decal – Free for PressurePro Dealers while supplies last

- Clear window decals with white and blue writing
- Shows PressurePro logo, website & "MY TIRES ARE MONITORED BY"
- 3.5" by 5.5" oval (shown here on window)

Packaging Option – \$1.50 (per system)

- Systems packed and packaged individually in a PressurePro logo box

*(*Note: Dealer and Distributor discounts do not apply on marketing pieces.)*
